EverLight

Words of Inspiration, Guiding Your Way, Every Day

CATALOG · JEWISH EDITION · CLASSIC AND PERSONAL

WHAT IT IS

Not a TV. Not a Computer. A quiet display of Scripture, Prayer, and Words of Encouragement.

Three moments a day

A verse at 5 AM, a thoughtful message of kindness at 1 PM and a short Evening Prayer at 8 PM.

Easy on the eyes

A 7.5 inch e-ink screen with black-and-white pictures. No glare and no light at night.

A battery that lasts

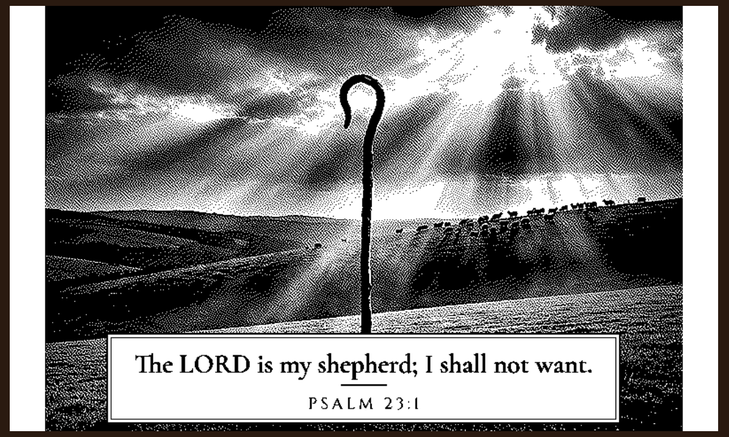
Rechargeable, with very low power use. One charge keeps it going for a very long time.

Charged by USB-C

One USB-C port is all there is to plug in. A standard cable and charger do the job.

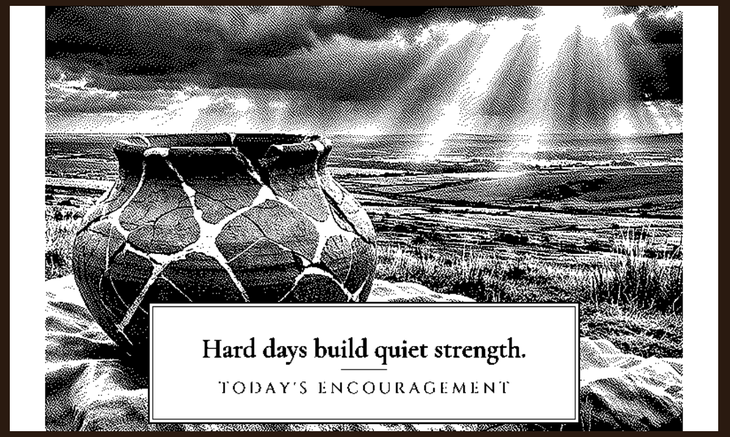
We set it up before delivery. No app, no subscription: you simply enjoy it.

Daily Words of Faith and Reflection, from morning to night.



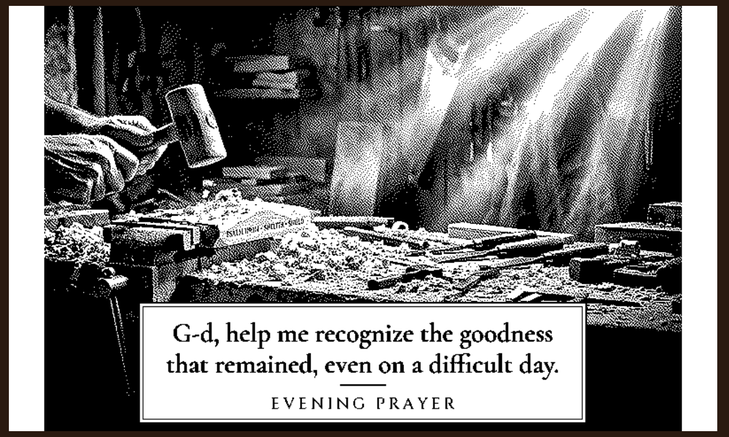
5 AM · Scripture

A verse from the Tanakh with its reference.



1 PM · Encouragement

A thoughtful message of kindness.



8 PM · Evening Prayer

A prayer of thanks.

JEWISH EDITION · CLASSIC AND PERSONAL

Two editions, one peaceful cycle.

Both editions: a verse at 5 AM, a thoughtful message of kindness at 1 PM, an Evening Prayer at 8 PM. The texts are the same. English or French, chosen at order.

What differs	Classic	Personal
Your special days (up to 12)	×	✓
Up to 5 of your own photos, prepared at our studio	×	✓
Setup page on your phone	Wi-Fi only	Wi-Fi, special days
Wi-Fi connection	Optional	Recommended (without Wi-Fi, special days pause after about 90 days)

PERSONAL EDITION

Your special days and your own photos.

Your special days

Up to 12 days, each with a name and a date. On that day the screen shows your name and your message.

Birthdays, anniversaries, weddings, graduations, memorials and more.

Up to 5 of your own photos

Send us up to five photos. We prepare each one in black and white, add a short fitting sentence and load them at our studio.

A photo stays on the screen all day on the date you choose.

PERSONAL EDITION · YOUR PHOTOS

Up to 5 of your own photos. Here is what works.

Up to 5	3:2	1440×960	10 MB
photos, each for one date	landscape shape	pixels or larger	per file, JPG, PNG or HEIC

Works well

- Sharp, well-lit, with one clear main subject: a person, a pet, a home, a synagogue
- A simple background
- Landscape. A portrait photo is cropped to landscape, so keep the subject near the middle
- Large enough: 1440×960 pixels or more

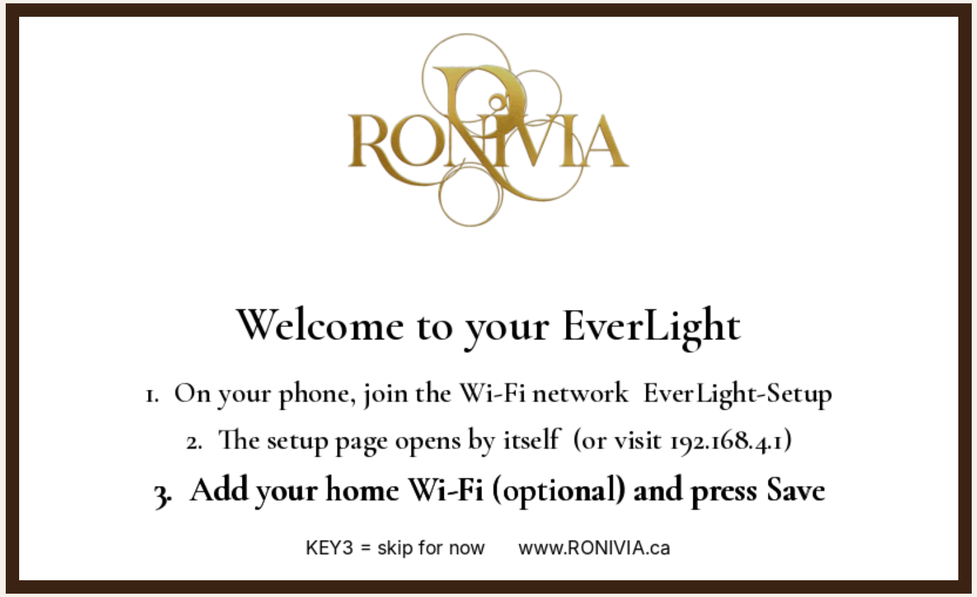
We cannot use

- Blurry, very dark or backlit photos, screenshots, tiny or heavily compressed images
- Fine detail or small text: the screen is black and white and small details disappear
- Nudity or explicit images, violence, political or hateful content
- Photos you do not have the right to use

We prepare each photo for you: black and white, with one short sentence. The image stays on screen the whole day on the date you choose. **Your photos, your responsibility:** by sending a photo you confirm you have the right to use it, including any people, signs or advertising in it (group photos, billboards and the like). RONIVIA is not responsible for claims about photos you supply.

FIRST SETUP

Three steps, on your phone.



What the screen shows when setup starts.

1. Hold KEY1 for 3 seconds

The setup button on the frame. The screen shows the welcome page above.

2. Join EverLight-Setup

On your phone, join the Wi-Fi network named EverLight-Setup. The setup page opens by itself, or visit 192.168.4.1.

3. Fill in and press Save

Classic: only your home Wi-Fi, and it is optional. **Personal:** Wi-Fi (optional), your name, up to 12 special days with a name and a message, and an optional email. The screen then confirms “Settings saved”.

We set up your EverLight before delivery. You only need these steps to change your Wi-Fi or settings. KEY3 skips setup for now.

WI-FI OR NO WI-FI

Wi-Fi is optional. Here is the difference.

	With home Wi-Fi	Without Wi-Fi
Verse, thoughtful message, prayer	Yes	Yes
The clock	Kept exact by itself, once a night	Set from your phone at setup; it can drift slowly
Special days (Personal)	All year	About 90 days after setup, then paused until you set up again
After the battery runs out completely	The clock sets itself again	Pictures change every 8 hours until you set up again
Your Wi-Fi details	Stay on the device	Not needed

Classic: Wi-Fi is optional. **Personal:** Wi-Fi is recommended, so special days keep working all year. Home Wi-Fi must be a 2.4 GHz network.

POWER

Charging and battery.

One USB-C port

An ordinary USB-C cable and charger are all it takes. Plug it in from the side of the frame.

Very low power, very long life

The screen only uses power when the picture changes, so one charge lasts a very long time.

The level is on the screen

A small battery gauge shows the percentage and updates once a day.

“Please charge your EverLight”

Appears when the battery is below 5% and stays until it is charged above 20%.

If the battery runs out completely, the last picture stays on the screen. It simply stops changing. Plug it in and it carries on. If your home Wi-Fi is set, the clock sets itself again; if not, set it up again with KEY1.

THE LIBRARY

One library, shared by both editions.

310	310	302	39
Daily verses	Evening Prayers	Encouragement lines	Smile lines

Scripture comes only from the Tanakh (Hebrew Bible), in The Holy Scriptures, JPS 1917 (Jewish Publication Society). Prayers and encouragement lines are original RONIVIA texts, and prayers write G-d. The evening prayers are original RONIVIA reflections, not formal synagogue liturgy (siddur). The full list of verses and prayers is in a separate review document.

LANGUAGES

English and French today. More languages for group orders.

English

The standard edition. Scripture from The Holy Scriptures, JPS 1917.

Français

Same content, same price. Chosen when you order.

Other languages

For group orders of 100 devices or more, for example Spanish, Russian, Ukrainian or Chinese. Every verse, prayer and line is translated.

One language per device: each EverLight is made in English or in French, never both.

MADE FOR YOU

Special frames and your own ideas.

Custom frames

We design and make special frames: a shape, a colour, a finish, or a carving perfect for your home, synagogue, or gift. Quotes are given after consultation.

Your ideas, made exclusively for you

Tell us what you imagine: your own texts, pictures, dates, or a special edition for a group. We work together to develop a plan that is right for you.

GOOD TO KNOW

Setup, warranty and terms in brief.

Wi-Fi is optional

EverLight works without it. With Wi-Fi the clock keeps itself exact. Recommended for Personal.

Setup on your phone

Hold the KEY1 button for 3 seconds and join the EverLight-Setup network. Classic sets Wi-Fi only; Personal also sets your special days.

Order form (Personal)

With your order you send your special days and up to 5 photos. We prepare everything at our studio.

1-year warranty

Covers manufacturing defects. After that, 3 years of repair service at our Toronto studio, with parts and labour free for manufacturing defects. The battery is not covered.

Shipping

You pay postage to us. On Personal editions, we pay warranty postage in the first year. Damaged in transit? Tell us within 48 hours and we replace it.

Terms

All sales are final. Physical damage, opening the device, humidity, direct sunlight or misuse void the warranty.

QUESTIONS PEOPLE ASK · 1/2

Quick answers.

Does it need an app or an account?

No app, no account and no subscription. We set it up before delivery.

Does it need Wi-Fi?

No. Wi-Fi is optional. It is recommended for Personal so the clock stays exact.

How is it powered?

A rechargeable battery, charged through one USB-C port with an ordinary cable and charger.

How long does a charge last?

Very low power and very long life. A gauge on the screen shows the level.

What if the battery runs out?

The last picture stays on the screen and simply stops changing. Charge it and it carries on.

Is the text easy to read?

Yes. Large, clear type on a paper-like screen that is easy on the eyes, even in daylight.

How big is it?

About 195 × 150 mm (7.7 × 5.9 in) and 40 mm (1.6 in) deep, the size of a small picture frame. Inside that small space: a paper-like screen, a long-life battery, daily verses, prayers and messages, and, on Personal, your own special days and photos, with no app and no wires on the wall.

Does it show a clock?

No. The screen shows only the verse, the thoughtful message, the prayer or your photo.

QUESTIONS PEOPLE ASK · 2/2

Quick answers.

When does it change?

A verse at 5 AM, a thoughtful message of kindness at 1 PM and an Evening Prayer at 8 PM.

Will two devices show the same verse?

Rarely. Texts are chosen at random.

Which language and Bible?

English (Scripture from The Holy Scriptures, JPS 1917) or French, chosen at order. One language per device.

Does it ask which tradition or branch I follow?

No. Neither edition asks.

Can I add my own photos?

Personal: up to 5, prepared by us at the studio.

Can I change dates or photos later?

Special days: yourself, on the setup page (up to 12). Photos: at our studio.

Is it private?

Your Wi-Fi details stay on the device. There is no account.

What does the warranty cover?

1 year on manufacturing defects, then 3 years of repair service at our Toronto studio, with parts and labour free for manufacturing defects. The battery is not covered, and damage or misuse voids the warranty.

Can a synagogue or group order?

Yes. For 100 or more we can add other languages, special frames and custom editions.
